TUESDAY NOVEMBER 18, 2025—3:15PM TO 4:30PM
IN-PERSON AND ONLINE (VIA ZOOM)
AGENDA**

1.0 CALL TO ORDER and INDIGENOUS LANDS ACKNOWLEDGMENT

The District of Wells is located in the shared ancestral territories of the Lhtako Dene Nation, a shared territory also with Dakelh (Carrier) and Secwépemc (Shuswap) Peoples. Several nations have history and territory in the area, including Lhatko, Nazko, Lhoosk'uz, Ulkatcho, ?Esdilagh, Xatśūll, Simpcw, and Lheidli. Evidence of early indigenous settlement in the region dates back over 10,000 years.

5.0 UNFINISHED BUSINESS

5.1 Strategic Priorities Projects—Incremental Information Only

- P002—Waste Water Project—Collection System and Treatment. The Project is estimated at \$26 million to \$31 million. Overland waste water outfall installed on Emergency Basis; a new underground waste water outfall is being installed—**80% complete, and a short overland extension may have to be used over the winter for the last 134 metres.**

P002—OPTION 2 (REVISION 1) is the Preferred Option at this time.

OPTION 1 – FREE WATER SURFACE WETLAND This option is a three-step treatment process. Step 1 uses the current lagoon for flow attenuation and primary treatment and constructs a new identical lagoon in parallel to satisfy the municipal wastewater regulation (MWR) redundancy requirements. This will allow Wells operations staff to isolate and dewater each cell to handle operation and maintenance as required.
 <pre> graph LR A[Raw wastewater] --> B[Current lagoon and twin new lagoon] B --> C[Storage lagoon] C --> D[Free water surface treatment wetland] D --> E[Willow River] </pre> <i>Figure 1: Option 1 - Free water surface wetland</i>
OPTION 2 (REVISION 1) - ROTATING BIOLOGICAL CONTACTORS Option 2 uses rotating biological contactors (RBCs) as the main treatment method. Raw wastewater flows through a screening system to remove any large objects, then proceeds directly to the RBCs. In terms of mechanical wastewater treatment, RBCs are a simple treatment solution that can achieve very good effluent quality. No settling is provided beforehand to minimize heat loss from the wastewater, which has been measured to be seasonally very cold in Wells.
 <pre> graph LR A[Raw wastewater] --> B[Screen] B --> C[Rotating biological contactors (6)] C --> D[Current lagoon] D --> E[Willow River] </pre> <i>Figure 2: Option 2 – RBC process</i>
OPTION 3 (REVISION 1) – AERATED LAGOONS AND AERATED SUBSURFACE NITRIFICATION BED This option involves refurbishing the current lagoon with a new liner and aerators, adding a second larger lined aerated lagoon, and installing a subsurface aerated gravel bed covered with a layer of mulch. A new building would be constructed to house the blowers for the aeration system, replacing the existing structure.

ACTIVITY UPDATE

November 14, 2025

We would like to make the community aware of the activities we have going on over the coming weeks:

- Project related surface drilling within the Project footprint, which will include night-shift operations, is expected to begin on November 15.
- Core logging and cutting facilities are being moved. The transportation of oversize buildings from the Ski Hill Office Compound to our Ballarat property is expected to start around November 18.
- Tree clearing is on-going within the Project footprint.
- Deliveries of aggregate will be on-going.

As always, if you have any questions, comments, or concerns, please do not hesitate to contact us at feedback@osiskodev.com or our Community Relations Office at 4270 Sanders Avenue (Mon. to Fri. from 8 AM-4 PM).

- P018--PROV BC, DOW & Partners Water System Treatment Upgrade (SCF-MAH) is completed and the extensive claim is being prepared for submission; completion of draft content submission submitted 2024 February 13th. **Five additional reports completed and submitted, a Federal, Provincial & District of Wells Funding sign now needs to be created and installed, the final step for this Project is to input all invoices into PIMS System (Project Information Management System).**

P016 Province of BC - Housing & BC Housing Project

The BC Housing Northern Development manager and staff have reopened the Wells affordable housing file. The team is working to present process options for establishing affordable housing project per Wells' housing plan.

P031 DOW & Partners--Water System Replacement Test Drilling Program & New Water Plant (Osisko)

Osisko is conducting well drilling in Wells and Barkerville Park as part of water system replacement. Email confirmed drilling would proceed but completion status unknown at meeting time.

P020 Community forest expansion

Delayed by the BCGEU strike.

P036 Crownlands

The former highway yard Crown land transfer in final stage of referral with Ministry of Citizen Services. The file has been reopened after the provincial job action ended. The site is fully cleared for any use including residential, no remediation issues remain. The other Crown property files are also reopened post-job action.

P042 Emergency Operation Centre

Emergency Operations Centre focus remains on water management and wildfires, with consideration of cooling centres and highway interruption scenarios.

P076 Lowhee

We are awaiting a permit extension of 6 months to year end 2026.

Barkerville Heritage Trust season results

Park admissions: 32,856 people (May 31st-September 7th), up 11,000 or 42% from 23,000 in 2024. Shoulder season (May 16-30th): 1,200 counted visitors, estimated

**DISTRICT OF WELLS REGULAR COUNCIL MEETING
TUESDAY NOVEMBER 18, 2025—3:15PM TO 4:30PM
IN-PERSON AND ONLINE (VIA ZOOM)
AGENDA**

1,600-1,800 actual with uncounted walk-ins. Theatre Royale admissions: 8,471 people, up 36% from 2024. School tour admissions up 14% to just under 2,000 students. 43 countries represented in visitor counts. Special events attendance: Dominion Day (796), Indigenous Days (721), Autumn Moon Festival (1,107).

Old Fashioned Christmas scheduled December 13-14. Annual passes go on sale December 1st.

Barkerville operations and funding challenges

Province provides no operational funding increases despite 10% wage increases over last two contracts. Request for 4% wage increase (\$84,000-\$100,000) denied. 65% of staff wages paid by admissions and donations. Province funds capital projects well but operational funding unchanged for decades. Ministry staff supportive, challenges occur at Treasury Board and Cabinet level. Minister Chandra visited and called Barkerville a "living museum" - statement being leveraged for future advocacy

Barkerville and Wells collaboration opportunities

Barkerville extended shoulder season: opened May 16th, closed campgrounds October 1st. Campgrounds stayed open through September seeing hunters and side-by-side users. Trust committed to pre-season and post-season meetings with Wells council. Discussion of updating signage at Wells information center and Barkerville exit sign mentioning Wells. Carrie Chard, General Manager, requested sharing information between info centers to support each other's visitation numbers. Indigenous interpretation program expanded. Osisko funded Barkerville film project and supports Christmas event interpretation.

5.0 MINUTES

5.1 Approval of the Minutes for the Regular Council Meeting of Tuesday, October 21, 2025, with following amendments:

- Remove numbering reference to Bylaw "208" and replace with Bylaw "201"
- Corrections to the following: Dave "Moser" corrected to "Mosure"; "Haley" Archer corrected to "Hayley" Archer, "Caribou" corrected to "Cariboo"

6.2 UBCM Conference attendance reporting (Councillors Funk and Trotter-Wanner)

Highlights:

UBCM Conference - BC Assessment and mine taxation

Graham Held from BC Assessment Authority confirmed Wells can tax heavy industry on Crown land and contaminated sites. Assessed value based on comparisons to similar mine buildings with depreciation schedule, never below 20% (or 10% if shut down). Assessment schedule runs July 1st to October 31st annually, rates apply to next taxation year. BC Assessment adds improvement value upon construction start using "test for occupation". Graham Held connected Wells CAO with BC Assessment lead for mine site.

UBCM Conference - Environmental Assessment and mine permitting

Joint meeting held with Environmental Assessment Office, Ministry of Environment, and Major Mines division. Wells emphasized project is located in their jurisdiction but district largely excluded from consultation and information sharing. Inspectors can stop at district office when in Wells - Wells confirmed they want this. No certificate amendments received yet though some anticipated as pending. EAO expressed interest in ongoing engagement with Wells. Environmental Assessment Act (2018) undergoing review - EAO received message Wells wants consultation through UBCM. Two UBCM resolutions from last year support improved local government involvement in EA process.

UBCM conference - BC Hydro power capacity

BC Hydro confirmed sufficient power capacity for Wells. Three-phase line can be extended from 11-mile hill junction as needed. Single-phase power feeds off three-phase line at 11-mile hill (frequency change point). For single homes, BC Hydro extends service as needed under their mandate. Larger developments require consultation and may need proponent funding through distribution extension policy. Dave Moser was BC Hydro contact at meeting.

UBCM conference - Tourism and cell service

Tourism meeting discussed winter tourism in Wells including sold-out Gourmet Ski event. Raised need for better Barkerville funding model with ADM Nick Grant. Cell service along Highway 26 not happening through traditional tower infrastructure. Province doesn't view cell service as public service requiring provider mandates. 4,200 kilometers of BC roads lack cell service. Rogers rolling out satellite service allowing cell phones to ping satellites. Potential for periodic Wi-Fi hotspots along highway discussed. Province funding cell towers at \$2-4 million each (traditional towers cost \$250,000).

Community buildings and parks master plan

Open house scheduled November 5th, 5-8 PM with LM Engineering Limited. Survey underway simultaneously, available for pickup at office and online. Posters hand-delivered to residences. Project aims to gather community input on desired facilities and uses

Community Forest financial statements and reporting

2024 financial statements received and posted in agenda package. Activity reports to resume - previously provided three times in 2023 (April, June, October). Reports include details on harvest locations, stumpage, trail work, and operations. Council requested written activity reports at least twice annually. Board president to provide future presentations on activities and strategic plans.

Grant applications and economic development funding

Renewed NDIT Business Facade Improvement Program grant application for \$20,000 submitted. Current program has \$10,000 remaining from original \$20,000 allocation. At least two businesses deferred participation.

REDIP Capacity grant application submitted for \$50,000 (years 1-2), potential additional \$100,000 (year 2). Grant targets hiring coordinator and consultant for housing, training, and economic capacity gaps. Results expected end of year, earliest start after March 31st (next provincial fiscal year).

District of Wells—Strategic Priorities Projects Tracking Grid

Version 8.0—2025 05 05

Overview

In June of 2022, the Municipal Affairs--Province of BC provided a Municipal Advisor, Gary Nason, to support the District of Wells with support to review Operations and Governance of the District of Wells. Out of that process, this Project Tracking Grid has been created and will be maintained and reported on at Regular Council meetings going forward.

Categories

Categories 1 to 3 were created to help place priority levels on projects and make clear what projects are ongoing and closed/completed. The following information clarifies each category:

Category 1: “Best efforts made to complete the project in 2024.”, or continue active work on the project if the project is multi-year and will carry-over to 2025 or beyond. (i.e. Major infrastructure or building upgrades largely dependent on external grant funding.)

Category 2: Subject to sufficient budgetary/grant funds and staffing capacity, commence project in 2024, with no commitment to complete the project in 2024 and carry forward to 2025 if appropriate.

Category 3: Reconsider dependent upon potential external grant availability and/or sufficient internal staff and budgetary capacity. Defer the project to at least 2025, or later in the remainder of the Council mandate—2024 to 2026

Appendix A: Completed Projects

Appendix B—P044 Series: Operations Projects

The following pages show the “Grid” of Projects for the District of Wells is organized in the Categories outlined above. Each Project has its own electronic and paper-based folder/file that holds all the details on all the Project.
